

North Shore INTERVIEW

B. Reitman Blacktop

Is your home ready for a new look or perhaps just a facelift? If your driveway is in need of repair or needs to be replaced, Bob Reitman has been in the paving business for more than 25 years, bringing quality workmanship and the finest materials to each and every job he completes.

B. Reitman Blacktop is one of Long Island's leading driveway paving specialists, licensed strictly in Nassau and Suffolk counties. The organization handles design and construction from start to finish with professional results. Bob Reitman takes pride in giving his customers the finest workmanship and attention to detail, and is available to provide 24-hour/7-day emergency service.

"I started from nothing. I began my work as a high-school kid, operating from the back of my station wagon, with a brush and a can. We are now probably the largest driveway and sealcoat company on Long Island, and have created jobs on Long Island with our team of over 50 employees at the height of the season," said Bob. Most of Bob's employees have been with him for 10 to 20 years, and are professional and experienced in what they do.

Bob, as his customers all call him, handles all aspects of parking lots, driveway work and repair, doing Belgian Blocks, paving, resurfacing, aprons, curbing perimeters and excavation. Bob is proud to use hot patch hand sealcoat with VelveTop sealer. He explained how this product is both superior and durable, having 60 percent solids compared to others used in the industry. "We do our work by hand, and don't spray. We

'We are professional and provide excellent workmanship while using the highest quality materials.'

are professional and provide excellent workmanship while using the highest quality materials," Bob pointed out. The quality blacktop sealer B. Reitman Blacktop uses provides professional sealcoating which will reduce wear, beautify and protect your investment. This solution is resistant to most common elements that damage asphalt surfaces. It prevents gas, salt and oil damage, prevents freezing and thawing problems and water damage, and reduces maintenance cost.

If you wish to have a blacktop paving job done at your home, B. Reitman's paving and design specialists will meet with you to discuss ways to give your driveway a new look. No project is too big or too small. B. Reitman Blacktop uses A-1 State Asphalt Mix.

Bob explained that he and his crew will come back to address any concern or to make a correction if this is necessary. With 20,000-plus satisfied customers over the years, B. Reitman has the reputation you are looking for to beautify and add value to your property.

Bob will be happy to give you a free estimate and meet with you to discuss your needs, offer suggestions and help make your project the talk of the neighborhood. The percentage of loyal customers that come back again and refer Bob to friends attests to the customer satisfaction that is the most important aspect of the business. Many happy client relationships underscore the value of the company's personalized service.

Stop by their office at 332 East Jericho Tpke., Huntington Station or call today for a free estimate and information. Tel.: (516) 688-0101. You can also visit their website at www.blacktop.net
